September at Nash ESC

September was a great month for the children in the Extended School Care Program. They enjoyed getting reacquainted with old friends and meeting new friends. The older children have been so kind and helpful with all the new younger children.

Some of the favorite crafts included: apple name craft, friendly face apple cores and yarn dolls. The collaborative project for September was a giant watercolor painting made by the younger children and a second painting by the older children. We talked about positive self talk and the children shared daily affirmations that were then written and placed on the watercolor paintings.
